

## RECOLTANT

2019 CABERNET SAUVIGNON, NAPA VALLEY

### TASTING NOTES

The deep crimson color alludes to this wine's powerful structure. Aromas of black cherry and cassis lead the charge followed by spiced and leather notes. There is a silky almost creamy mid-palate texture that gives weight without compromising elegance. The finish is profound with milk chocolate covered cherries lingering till the next sip.

### TECHNICAL DATA

---

### BACKGROUND

Born from the idea of marrying great farmers with exceptional winemaking, Récoltant is a pure expression of Napa Valley Cabernet Sauvignon sourced from one of the world's most revered vinous landscapes. The result is a wine rooted in transparency, authenticity, and a true sense of place.

In French, Récoltant is defined as one who grows and produces their own fruit. We use longstanding relationships to source fruit from some of Napa Valley's best farmers and vineyards with the goal of producing a wine that represents our love and admiration for the appellation we call home that pens its own evolving story with every vintage.
